

OUR COMMUNITY

2018 COMMUNITY PARTNERS

“It takes a village to raise a child”. With this proverb in mind, Girls Inc. of Durham takes pride in its community partnerships. Partnering with a variety of community organizations and institutions, we have been able to continue to deliver and expand upon a variety of exceptional programs and support systems to hundreds of girls across Durham Region.

Through our participation in many community initiatives and groups, Girls Inc. is able to ensure that our programs do not overlap with or duplicate existing projects. Our programs are made possible by the generous support and partnerships with the following organizations who continue to help us grow, strengthen the scope of our work and ensure that we are reaching the girls who need us most.
